NOTE: Wider, thicker, and custom sizes may be available. Contact us to find out more.

NOTES

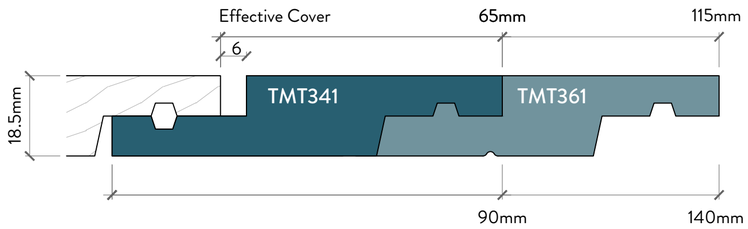

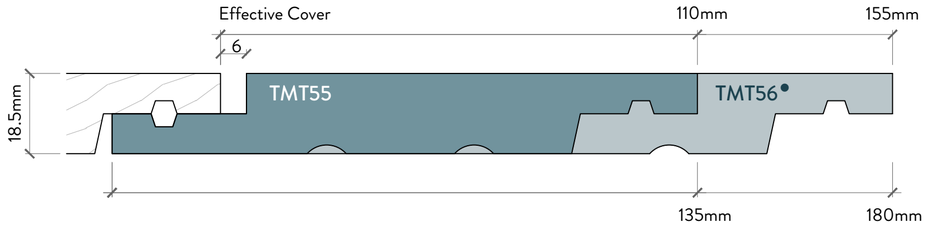

1. Profiles on this chart show the standard JSC Profile range.
2. Profiles are available in Band Sawn finish. Dressed and Brushed finishes are available depending on chosen specie and coating requirement.
3. For paint applications, profiles with sharp edges are machined with 1.5 mm radius.
4. All profiles and items are drawn to scale unless otherwise stated. Physical copies of profile chart are available in 2 sizes A1 @ 1:1 scale and A4 @ 1:2.8 scale.
5. All profiles can be made out of Western Red Cedar. Profile range may differ for other species.
6. Custom profiles are available upon request.
7. JSC Weatherboards must be installed by a suitably qualified and experienced tradesperson in accordance with the chosen cladding specification, installation and maintenance documentation.
8. Details are subject to change without notification. Refer to www.jsc.co.nz for up to date documentation.
