Its distinctive yellow-white hue, adds a touch of rustic elegance to any residential or commercial space.

JSC NORDIC PINE FEATURES

- **Light Colour Tone:** The light tones of this timber lend it to a range of colour options.
- **Affordable:** A cost-effective solution without compromising on quality or beauty.
- **Beautiful Butterfly Knots & Consistent Grain:** Each board tells a story with its unique, naturally occurring butterfly knots, adding character to every piece.

- **Design Flexibility:** Stain your boards/battens with the JSC Wood Oil range to enhance the natural beauty of the timber whilst offering design flexibility and timber protection (colour restrictions apply, contact JSC for more information).
- **Eco-Friendly:** Responsibly sourced, JSC Nordic Pine supports sustainable design practices while offering a nature-based design element to projects.

JSC NORDIC PINE APPLICATIONS

- **Weatherboards:** CodeMark® certified H3.2 MircoPro® treated weatherboards available offering high-quality and cost-effective product with no finger joints.
- **Interior Wall Panelling:** Ideal for creating warm, inviting atmospheres with its soft texture, natural aesthetic, and light colour tones.
- **Battens & Screens:** Available in custom sizes, JSC Nordic Pine battens offer design flexibility to bring your creative visions to life by offering privacy without sacrificing design cohesion.
- **Ceiling Accents:** Craft beautiful ceilings with naturally light tones, bringing an element of Scandinavian-inspired simplicity and elegance to your ceilings and soffits.

Disclaimer: JSC has endeavored to ensure this information is accurate but recommends for critical applications that independent advice is obtained. These properties are a guide only, as timber is a natural product there will be variations within any species. Please speak to our professionals at JSC for information and advice as well as for any information around profiles, fixing details and supporting documentation.
