Project Timber

FEBRUARY 2020

GILTRAP GROUP, AUCKLAND

The Project.

GILTRAP GROUP, AUCKLAND

Iconic New Zealand Architects Warren & Mahoney specified JSC Timber American White Oak for this equally iconic New Zealand motor vehicle dynasty located on Great North Road, installed by The Wooden Floor Company.

OAK PARQUETRY FLOORING

The Oak Parquetry was designed to the specific dimensions of the space and cut accordingly to minimise waste and create this dramatic, fluid effect. The 250sqm, FAS grade flooring provides a durable surface and contemporary look, bringing nature indoors.

JSC Timber.

Leading the market with world-class products & sustainable practices.

Since 1900, JSC Timber has been a leading manufacturer and supplier of quality hardwood and exotic softwood timber products.

Our modern factory and highly-skilled staff allow us to create products and custom profiles in-house for added benefit and flexibility.

We pride ourselves on our relationships with our suppliers, and take care of our supply chain to ensure we purchase from reputable companies with a similar outlook for the future.
